

PHOLUX LAMP

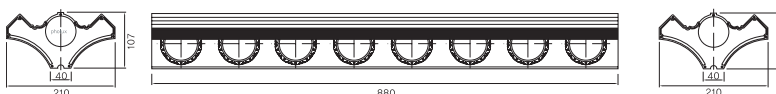

## Applications

- + Street Light
- + Outdoor Parking Lot
- + Park

# 19. P8-200K ST

Professional in LED lighting

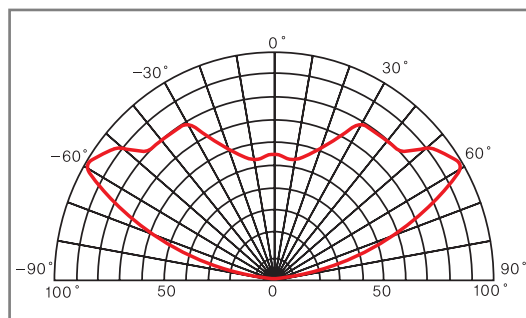

## + Application

- 10,240 Lux
- Street Light
- Parking Lot Light
- Save up to 52%

## + Features

- Patented Product
- High Reliability
- Reduced Glare
- Wide Uniformity

## + Radiation Diagram

## + Specifications

|                                | Cool White 5700 | Neutral White 4500 | Warm White 3000 |
|--------------------------------|-----------------|--------------------|-----------------|
| Power Consumption (W)          | 200             | 200                | 200             |
| Input Voltage (Vac)            | 90~240          | 90~240             | 90~240          |
| Lumens Flux (lm)               | 16000           | 15400              | 15000           |
| Efficacy (lm/W)                | 80              | 77                 | 75              |
| Power Factor (P <sub>f</sub> ) | 0.95            | 0.95               | 0.95            |
| Color Rendering Index (Ra)     | 75              | 75                 | 75              |
| Beam Angle (°)                 | 140°            | 140°               | 140°            |
| Socket Base                    | Ø60 Fixed       | Ø60 Fixed          | Ø60 Fixed       |
| Operating Temperature (°C)     | -20~70          | -20~70             | -20~70          |
| Weight (Kg)                    | 8.2             | 8.2                | 8.2             |
| Lifespan (Hrs)                 | 50,000          | 50,000             | 50,000          |
